# About Us

Webanywhere provide the primary, secondary and further education sectors with a range of tools aimed at helping improve both teaching and learning. Here you will find a selection of the services we provide, including our web-based CMS system: School Jotter, currently used by thousands of schools.

## A dedicated account manager

We personally keep you up-to-date with your account.

## Attractive designs

Choose a template - or create your own bespoke theme.

## Multi-platform accessibility

View and edit your website and apps from desktop, laptop, or tablet.

## Support and training

School Jotter comes with training and unlimited technical support.

# Apps For Parents

“Promoting the confidence and engagement of parents” is an Ofsted priority for schools. In order to obtain an outstanding judgement from Ofsted for Leadership and Management, schools have to show that they have strategies for engaging with parents and carers for the benefits of the pupils.

As busy parents often misplace or forget to read school newsletters and other important notifications, it's only logical that schools should try and keep parents up to speed via their mobile phones.

## Jotter Mobile

This innovative app keeps parents engaged by sending all the essential information straight to their phones. They'll have access to regularly updated information:

- **News** - keep up to date with the very latest items
- **Calendar** - term dates, important events and parents evenings
- **Newsletter** - latest news
- **Galleries** - schools with a School Jotter website can upload photos to share
- **Alerts** - free push notifications for urgent messages and reminders
- **Contacts** - useful numbers
- **Maps** - locate the school and get directions from anywhere
- **Links** - add quick links to useful information such as Ofsted and policies

## Coming Soon in 2017

- **Forms** - submit forms found on the school website, such as for absence
- **Surveys** - take part in surveys posted on the website
- **Files** - access files shared by school

Informed parents are far more likely to stay engaged and interested with what's going on. Jotter Mobile comes beautifully themed to reflect your school's brand and ethos.
